

CLEAN AIR SELFIE PROJECT TIP SHEET FOR MOMS AND BLOGGERS

We need YOU to challenge other moms to share why they will promise to vote on November 8. Create a movement, print out our sign, and post a selfie to share why you're inspired to vote for clean energy and our children's health. As an advocate for children's health and a better future for us all, we need your help to remind parents that they have a powerful voice in the upcoming election.

For the next four weeks, [Clean Air Moms Action](#) is rallying families to band together and protect our children's right to clean air. Your influence on fellow parents can help make a difference by empowering more families to get out and vote for leaders who will protect our children's health.

We hope you'll join our campaign and empower your readers to vote to protect little lungs.
